

new

Tired of being pushed & pulled around by your supplier?

Contour Electronics can improve time to market for new products while providing cost effective results by offering, overmoulded integrating design, tooling and assembly processes into one single solution for our customers in the mil spec industry.

5 series

8 sizes

IP 50 and IP 68

High number of mating cycles

Positive latch (open or closed)

Blind mating

Custom options possible

Our overmolded cable assemblies can improve conventional interconnects by increasing the flex life & pull strength of these assemblies.

The company through its design guide is a true, value added partner.
